O R D E R:-

The Government in the reference 1st read above, have inflicted the punishment of stoppage of four increments with cumulative effect against Sri K.L.Kumara Swamy, AE (R&B) as he has allowed defective work on construction of High Level Bridge across Wyra Surplus at Km.88/0 of Suryapet-Aswaraopet Road in Khammam District.

2) In the reference 2nd read above, K.L.Kumara Swamy, AE (R&B) has filed a review petition and stated that the bridge work was executed under his supervision from 01.12.92 to 27.03.96. He has supervised the work constantly and perfectly in addition to other road works of 90 Kms length simultaneously duly taking proper guidance from his superiors from time to time. The said work was also inspected by his superiors from time to time but they did not raise any objections at any time. This being a shorter route for the vehicular traffic through Vijayawada from Visakhapatnam side, the route via NH-9 and NH-5 through Vijayawada by about 70 Kms. There was constant heavy vehicular traffic on this route ever since completion of the bridge work some minor distress on the top of the slab caused. After attending to minor repairs to the damaged portion, the said bridge is now sound and strong enough to cater to the needs of heavy traffic without any further damages till now. Thus crystal clear that he had supervised the said bridge work properly with quality. Due to above shock, one EE and Dy.EE expired while in service. Even he has also shocked despite his prompt efforts for completion of the bridge qualitatively, put to mental agony and effected with high BP and neurology problem and till suffering a lot. Therefore, he has requested to drop further action against him.

3) The Government, in consultation with the Engineer-in-Chief (R&B) Admn., and after careful examination of his report, have decided to reduce the punishment to stoppage of two (02) increments with cumulative effect on him.
